USER MANUAL | HOW TO USE

STEP 1 **Unpack and check**

Take the chain out of its package and check it for damage. If any damage is visible, do not install or use it.

STEP 2 **Turn off the power**

Switch off the mains supply before starting any work on the luminaire. Installation must be done by a professional electrician only (high voltage).

STEP 3 **Hang the luminaire**

Hang the luminaire securely from a suitable fixing point (hook, chain hoist or suspension rod / chain). Make sure the fixing point and the chain can carry the weight of the luminaire. Never cover the luminaire with other objects.

STEP 4 **Check the installation**

Check that the luminaire hangs securely before switching on the mains supply. Maintenance by trained professionals only.

SAFETY NOTICE:

- Installation must be done by a professional electrician only; non-professionals must not install, disassemble or connect wires (high voltage).
- If the power cable or the housing is damaged, the product must not be used.
- Use the light out of its package and check it for transport damage before installation.
- Never cover the luminaire and keep it away from open flames and external heat sources.
- Avoid looking directly into the LED beam, especially for extended periods. Do not shine the light in anyone's eyes.
- Maintenance by trained professionals only. Unauthorised disassembly may void the after-sales service.
- After its service life the product needs an inspection or special treatment for disposal.
